

Habitat and Habitat Forum Preparations - Whom To Contact

Many activities will take place before and during the Habitat Conference. And, as reported throughout this Bulletin, there are many ways for individuals and groups to get involved.

To facilitate this process, here are some names and numbers. The organizations and people listed have specific roles. Contacting them directly according to those roles will save everyone time, and get the right reply to the questions posed.

Shaded rectangles represent functions involved in the HABITAT FORUM, a meeting of international non-governmental organizations to be held concurrent with the official Conference.

* The Canadian National Committee is responsible for fostering public interest in Habitat and stimulating discussion of the issues and appropriate responses to these issues in Canada; advising the Minister on Canada's positions at Habitat, based on the points of view expressed by the Canadian public, and bringing to the attention of the Minister recommendations received during the Habitat preparatory process that could improve the quality of life in Canadian communities.

** The NGO Participation Group was created to identify and bring together human settlements activities of NGOs and to stimulate these groups to participate in Canadian preparations for Habitat and Habitat-related activities. The NGO Participation Group anticipates that it will provide a channel for an expression of NGO views on Habitat issues to the Canadian Participation Secretariat, through the Canadian National Committee.
